4. **Uniforms Update - Training polos, Fishing shirts?**

Update from our Uniform Coordinator Courtney Turvey

Hoodies have been received and a HUGE thanks to Hope Powne from Signed by H for donating her time and skills to heat press the wildcats logo onto the back of the hoodies the afternoon before Kirk Reynoldson Cup to ensure they would be available for the cup.

An expression of interest was put out for club fishing shirts to be designed and offered. Expressions will be extended via communication platforms to those that were unable to make it.

Sally Sattler at County Wear has come back with a quote on these at approx \$34 per shirt cost price. An additional \$5 per shirt for personalization with names on the front of the fishing shirts - To be followed up at next meeting and decided on.

Also an expression of interest was put out at the meeting for training shorts for children and adults. Similar to canterbury style - Also to be followed up at next meeting and decided on. An idea was brought forward that either a fishing shirt or training shorts would be given to the children at the end of year for break up as this is the off year for the children to receive the jerseys.

Awaiting another sponsor to sponsor the last sleeve on the training polos. Once these have been filled, arrangements will be made to order and pay for these.

All in favor and carried

5. Grants Applied for and Upcoming

Danielle Blanchard and Kylie Buckley have been working hard on applying for the Community Gambling Fund Grant for \$100k.

This grant was applied for to purchase and construct a fenced play area at the football fields. The local council has supplied a letter of support for this grant. Outcome pending.

6. Christmas Carnival

Bec Cadzow has approached the football club to host the 2024 Wandoan Christmas Carnival on 3rd December at the football grounds.

This will allow there to be more spacious and provide better lighting for the event. Discussions arose around the Wandoan Wildcats Club to work the canteen during this event.

All were in favor for the Christmas Carnival to be held at the grounds.

To discuss finer details closer to date with Bec.

Decision

All in favor and carried

7. Complaint to WDRC

A HUGE thank you to Courtney Turvey who took the reigns on the altercations that were occurring at the amenities block during the Kirk Reynoldson Cup Carnival on and off over the 3 days. Courtney spent countless hours on the phone to Western Downs Regional Council to swiftly and effectively action the issue of the leaking public council toilets. As this event was held over the weekend, there were frustrations in getting this matter attended to right away. Safe to say that this matter was not fully resolved at the first attempt which then lead to the toilets leaking again soon after which caused some further frustrations. A letter to council will be drafted explaining the disappointment the club experienced with hiring a council premises and not receiving the support. Once again, thank you for your exceptional support to the club and for being a reliable problem solver. A special mention must also be made to Don & Barb Adams who took time out of their personal lives to come and assist with this matter. The club is hugely appreciative for all your help. A small thank you gift will be purchased on behalf of the club to show our appreciation.

MKH Plant Hire, Jayden Baker, Leichhardt Air, PJB Earthworks also volunteered time and equipment to resolve the issue on the Monday after the carnival had finished - Thank you to these wonderful local businesses.
