It was a joyous occasion as there was only 6 of us present was not enough for a quorum and we had to wait half an hour to start.

Previous minutes will need to be corrected and sent out, will go through them at the next meeting.

General Business - Promised from Dr Jags and some other labor member for SEMSA to be given ½ million. Plans for this money is back nets over diamond 3 and 5, 1x diamond 1's and permanent home run fences for those diamonds.

They may have to lose 2 diamonds with the home run fence., This could be midday games may come back but they don't know yet.

Vets comp will run again on a Monday night Ingrid thinks SEMSA might get more teams from NoR this season with Mirabooka losing some diamonds and game times being at 9pm

No state champs this year

There is sand to replace any divots on the grounds, it is located near the big tree with the bee's.

Kotahi has asked if there could be some consideration given on how to get extra players for 1 team clubs like themselves who have no other teams to pull from. Ingrid suggested they put forward a motion of what they would like to do.
