

Dear Perth South P&Cs

You may have heard the great [news](#) that WACSSO, in partnership with Murdoch University, was awarded a Volunteering WA grant to research the eternal problem of attracting and retaining parent volunteers on P&Cs.

We would love to hear your stories about P&Cs and volunteering.

We aim to

- Identify challenges for P&Cs in recruiting and retaining volunteers
- Identify success stories from P&Cs across WA
- Explore opportunities and barriers for increasing diversity and inclusion
- Develop practical strategies for P&Cs to increase parent engagement

Completing this survey is both voluntary and anonymous, but greatly valued.

If you would be happy for Kath (one of the researchers at Murdoch University) to contact you about a possible a follow-up interview you will have an opportunity to provide your name and email address via a separate process after the end of the survey. Survey results will be compiled in time for preliminary findings to be shared at the WACSSO Conference in August, so please contribute your ideas as soon as possible.

Here is a link to the survey. We expect it to take you 20 minutes or more, depending on your answers: https://murdochuni.syd1.qualtrics.com/jfe/form/SV_1B65AkmozLZBgeq.

We are aiming to collect stories and ideas from people with experience of volunteering on a P&C, currently or formerly, people who have considered it but decided against it, and people who may not have given it any prior thought. Please feel free to forward the survey link to people who may be willing to participate.

Kind regards,
