2. Public School Review.

As part of an anticipated three-year cycle, we had our Public School Review (PSR) in Week 10 of Term 1

We received feedback at the conclusion of the validation visit that Bob Hawke College has met or exceeded the expectations of schools when measured against the "Standard," which covers six key areas of school performance.

The final report is being considered by the Director General, and will be shared with our school community, including being published on the school's website, allowing the school community to stay informed about the school's progress and areas for growth.
I look forward to sharing the final report as soon as it lands.

3. Community Connection Day Feedback

We received 136 responses to our Community Connection day survey this year. In summary, parents appreciated the opportunity and were positive in their feedback.

Positive Feedback

- The day is valued by parents that attended the event
- Most families that attended were in year 7
- Meeting staff and touring the College were positive experiences for parents

Improvement Feedback

- Greater intentionality with the student-led tour
- Better organised access to staff
- Food and drink stalls, and a social function afterwards

I would like to work with the P&C to better plan and deliver this important commitment to developing relationships within our community

4. 2025 NAPLAN Performance SSSR

This week we experienced our first look at our student performance in NAPLAN for 2025, via the Student and School Summary Report (SSSR). The SSSR enables schools to see how their students, classes and year groups performed in NAPLAN tests.

NAPLAN online allows faster delivery of test results for students who completed the test online including the provision of a preliminary SSSR, which does not contain writing results, as these take longer to mark. Results in the preliminary SSSR are not final, but changes between the preliminary and final versions of the SSSR are very small.

The available data indicates that our students have achieved at a higher level; when compared to all WA schools, and a similar level when compared to previous performance and to schools statistically like ours.

Individual student test results and more detailed analysis will be available in Term 3.

5. P&C Day WA

P&C Day WA 2025 will be celebrated on Friday 23 May. Falling within National Volunteers Week, this event gives schools and education stakeholders the opportunity to celebrate P&C members and volunteers.

I'd like to acknowledge this better than we have previously. Any suggestions welcomed!
