

Presidents Report

Welcome everyone to our general meeting for April.

Thank you all for your continued support.

Thank you, Katie McAllister and Andrew Farrell, Andrew is taking over club coordinator from Katie who has moved up to area manager. We have an excellent relationship with you. You have been a great help to all of us and we greatly appreciate it.

The first two rounds we had have been extremely Successful, a little bit frantic but ran so well. This is mainly thanks to our volunteers and supporters helping us out. The canteen did extremely well, even with fryers going down, fridges going down – Michelle & Maleesha and Brett & Matt did awesome, along with their many volunteers.

I want to especially thank our first aid officers and level one trainers, without you our games would not happen, so thank you, we really appreciate it.

Girls gala day on Sunday went really well, even though there was bad weather the kids loved it. Was great for all of us as a committee to be thrown in to that. Showed us a lot of things to learn from.

Whilst, we are talking about Level 1 trainers, we do have a lack of, only about 6 or 7 in our whole club. We will be holding an in house first aid course to teach cpr and first aid component on a Sunday, then we will get to complete the course on another Sunday. We have 8 interested, we would like another 4 to get a good numbers in the club.

Lights and fields – this is our Achilles heel for us this year, you can tell lights are still out on field one, except for the western side. It should have been done by now, had we been on track from our original estimate, but now we are looking at another 3 weeks.

The weather has not been in our favour, which is the main reason behind this.

Our field 2 is ripped up and struggling with senior teams having to use field 2 to train.

Red vest – new incentive. More responsibility than duty official. There is an online module, to be completed for those of you who are interested. Please see Nikki for more information.

Furniture coming – very cool and excited. Furniture will be arriving soon to kit it all out.

Massive thanks to Shae and Krystal for this.

Team photos – new person for our 2024 photos. Will be discussed at next meeting when Nikki can attend.

25th anniversary event – ideas thrown around, we are open to suggestions. Hoping to hold this on last round in August.
