Unable to make Rd 2 game 1 Sunday due to a clash with State rep hockey trials in Maitland starting 15/06 @ 4pm OR I am on a state pathway for tennis which requires daily training 6-8.30am every weekday, gym sessions 3 times per week and competition carnivals. I am requesting to train only once for basketball to prevent injury.

Section #3 To be completed by the player

Ballina Basketball has worked exceptionally hard to build male and female pathways programs. We are currently the only club in the region (Coffs Harbour to the QLD border) offering both local and representative opportunities for boys and girls, men and women of all ages. Being part of this pathway comes with both opportunities and responsibilities.

Our Expectations

- Players selected in representative programs are expected to commit to all rep requirements.
- We understand that conflicts arise and support players pursuing other sports.
- We value honesty about your availability and commitments.
- Most importantly: Players are expected to contribute to the pathway before benefiting from it.

To participate in the competition as a junior representative player, the minimum expectation is playing in the junior program. This strengthens the pathway **for all juniors**. You become the faster, stronger, taller player younger players need to practise against - just as you benefit - from playing against faster, stronger and taller players.

The easiest way to contribute to the pathway is by playing others your age, making the entire age group stronger.

We understand at times this may not always be possible due to other commitments. All players are expected to give back to the club. Tick any of the alternate ways you could give back.
