### VICE PRESIDENT'S REPORT

25th of February 2026 - Bridget Ellement

#### Introduction

Over the summer I have been working with the Executive and committee members to plan and prepare for a fabulous year ahead. Ensuring to continue to strengthen and continue the legacy of committees prior to us.

Aside from having a wonderful and eventful time at NAPSA Congress, I have initiated and begun planning for a few key projects whilst on break.

#### WAPSA Study Guides:

Created as an initiative to help students at all stages of their pharmacy degree. Mostly as a means of directly giving advice and useful tips and tricks from staff and past students. But also to encourage students to attend class and be engaged in their studies.

I'm hoping the guide helps students adjust to and/or continue to thrive in their university journeys.

#### Yearbook Preparation

To prepare for the creation of the yearbooks I have reached out to our supplier, and locked in a quote for the printing later in the year. I've also reached out to potential sponsors for these.

The plan is to get planning and creating later this semester. I will help oversee the journey, and our Merch Chair and 4th Year Reps will drive the project.

#### 2026 Goals

Throughout 2026 my main goal is to help support and guide the committee and other exec. I'm excited for what we have planned for our members, and especially so for the joint events with have with UDOPS!

I'm sure 2026 will be a year to remember!

Bridget Ellement  
WAPSA Vice President 2026
